

## COVID 19 PREVENTION PROGRAM FOR EMPLOYEES

Effective immediately

All employees are required to:

1. Wear face covering when patients are present
2. Wash hands at least once an hour or more often if needed
3. Keep all work surfaces cleaned and disinfected, to include all frames touched by patients
4. Maintain a safe distance as mandated by the CDC
5. Notify the employer if you are exposed to COVID19
6. If exposed, employee must be tested and any infection or outbreak must be reported to the San Bernardino County Health Department, as required by CDC
7. Obtain the appropriate vaccination(s) as determined by the CDC or SB County Health Department
